The form is titled "Formulario de Movimiento Animal (FMA)" and is used for recording animal movements. It includes sections for:

- Identificación del animal (Animal Identification)
- Origen de animales (Origin of animals)
- Destino de animales (Destination of animals)
- Registro de movimientos (Recording of movements)
- Registro de faenas (Recording of slaughtering)

The form contains a large grid for recording movements, with columns for date, time, origin, destination, and animal ID. It also includes a section for recording slaughtering details, such as the date, time, and location of the slaughter.
